

NADIR AHMED KHAN

A dedicated, highly self-motivated mathematician with an extensive experience of various programming languages and problem solving in the mathematical world. Has worked with various programming languages such as Python and Javascript. Also, specialises in Microsoft Excel and has worked in customer service for 2 years therefore an excellent communicator and team player.

SUMMARY

I attained a mathematics degree in Queen Mary University of London and I am currently a Tech Trainee at futureproof. At University I chose modules in the software engineering field as I am very passionate about tech. I am now looking forward to completing my course with futureproof and my securing a two-year placement.
